

2009 US OPEN USTA Wheelchair Championships  
Tournament On Line Registration Instructions  
Updated 7/1/09

The Confluence is pleased to provide online registration to our tournament participants and their guests. There are no additional fees to utilize the process. You may pay by credit card or by sending a check. And once you log in and start the registration process, you may log back in at any time to update your information. All US OPEN USTA Wheelchair Championship information will be found at this site.

Two deadlines are very important for you to be aware of. By meeting them you will ensure that the tournament can provide you with the best services such as lodging at the tournament hotel and transportation between the airport and hotel.

**July 21st** - PAYMENT\*\* needs to be received and ARRIVAL/DEPARTURE DATES\*\* need to be recorded on your on line registration to accommodate the “room drop date” required by our tournament hotel. We realize this is 6 weeks prior to the start of the tournament, however after this date, we cannot guarantee tournament lodging and transportation. Acceptance (competitor) lists will be posted after July 21st giving you time to make your travel arrangements.

We will mark your registration paid upon receipt of your check. If you charge to a credit card (we accept Master Card, Visa & Discover), it may take several days for us to mark your registration paid. Thank you for your patience

**August 1st** - AIRLINE INFORMATION\*\* is due at this time in order to provide our ground transportation personnel with arrival and departure information. ROOMING PARTNER requests are also due at this time to provide our hotel with an accurate rooming list.

Along with the above information, it is very important that you provide us with an email address that will accept email from The Confluence and allow us to communicate with you efficiently prior to the tournament. We also ask that you give us a cell number that we can utilize during the tournament and that we can include with your airline information for our transportation personnel.

Good information will make everyone’s tournament experience more enjoyable!

Developed to meet specific US OPEN needs, the registration process is straightforward and simply navigated. We encourage your ongoing navigation of the site to secure the most up to date information.

\*\* If you have chosen to register as a Tournament Only participant, please type “Tournament Only” in the Special Needs section of the registration. You simply need to click on Update My Data to complete your registration. No payment will be due. Tournament Only Registration does not include Hotel, Transportation or Breakfast and Dinner.
